

Financial Assistance

At the University of Miami, we understand the personal commitment it takes to pursue a master's degree. Whatever your goals, we are here to do everything we can to help you advance your career or pursue a career of purpose.

The College of Arts & Sciences offers several opportunities to help fund your graduate education, including tuition waivers, third-party fellowships, and student loans. We offer some level of financial support to all accepted students who are not receiving aid from outside sources.

Explore Your Options

We encourage you to start your financial aid research early to maximize your options. For your convenience, we have provided a few resources for those students entering the MSDS program in need of financial assistance and funding opportunities. We encourage all of our students to visit the **Costs & Funding** (<https://www.grad.miami.edu/about/costs-fellowships-and-other-funding/index.html>) page on the Graduate School site.

MSDS offers tuition support for:

- Recent UM alumni (through UAccelerate)
- Graduates of Miami Dade College

- Fulbright scholars
- Veterans and their families
- UM employees and dependents (tuition remission)

Tuition Waivers

Our pledge is to provide partial tuition waivers to ALL accepted students who are not receiving full funding from outside sources. Tuition waivers are, essentially, tuition discounts, and the amount varies by semester, but typically ranges from 20-30%. Both international and domestic applicants are eligible for tuition waivers, unless you are receiving funding from an external source. It is important to discuss these options with the admissions officer. Please indicate on your application if you would like to be considered for financial aid. No additional documentation is needed.

UAccelerate for UM Alumni

Recent graduates of the University of Miami who apply to the MSDS program have the opportunity to receive tuition waivers for up to 40% of their graduate study (12 credits of a 30-credit program) if they attend full time. Students can email the MSDS admissions officer at MSDSadmissions@miami.edu (<mailto:maiaadmissions@miami.edu>) for eligibility criteria.
